47.18 DANGEROUS ANIMALS REGULATED.

(1) *Purpose and intent.* It is hereby declared that regulation of dangerous animals is a matter of public interest pertaining to the health, safety and welfare of residents of Dane County. It is further declared that owning, keeping or harboring of dangerous animals is a public nuisance.

(2) *Authority.* This ordinance is enacted under the authority of section 59.03 of the Wisconsin Statutes.

(3) Applicability. This ordinance shall apply in the unincorporated areas of Dane County.

(4) Definitions. For purposes of this section, the following definitions shall apply:

(a) Department means Department of Public Health for Madison and Dane County.

(b) Director means the director of the department.

(c) Impoundment means the confinement of an animal in a department-approved, supervised facility such as a veterinarian's kennel, commercially operated kennel or the county pound designated under s. 47.31.

(d) Owner means the owner, custodian or person having charge, care or custody of an animal.

(5) Impoundment of biting or attacking animal.

(a) The department or an officer shall have the power to summarily and immediately impound an animal whenever there are reasonable grounds pursuant to sub. (6) to believe that the animal is a dangerous animal. The animal may remain impounded during the entire determination process. If the animal is determined to be dangerous, it shall remain impounded until the owner has complied with all restrictions outlined by the department and found in sub. (7) or until such time as the department determines that the animal may be safely returned to the owner. Any law enforcement officer or humane officer may enter and inspect private property to enforce the provisions of this section. The owner of the animal shall be liable to the County for the costs and expenses of impounding and keeping said animal, unless the department fails to declare the animal dangerous, the department determination is ultimately overturned by administrative review or a reviewing court, or the department waives the costs and expenses.

(b) In lieu of impoundment, if there was no tearing of flesh or multiple wounds by the animal and the animal is currently immunized against rabies, or if the animal species is at low risk for transmitting this or other diseases, the department may permit the animal to be confined at the owner's residence provided that the owner complies with conditions set forth by the department.

(c) The owner or custodian of an animal confined under sub. (b) above shall immediately notify the department if said animal is loose, unconfined, has attacked or bitten or injured another animal or has attacked, bitten or injured a human being, or has died. The animal shall not be sold or given away during the impoundment period without approval of the department.

(6) Determination. The department shall investigate situations in which there are reasonable grounds to believe an animal is dangerous. Reasonable grounds to believe an animal is dangerous are that the animal:

(a) has attacked, bitten or injured another domesticated animal or human being engaged in a lawful activity;

(b) has without provocation and off the property of its owner, chased, confronted or approached a person in a menacing fashion such as would put an average person in fear of attack;

(c) has been trained for fighting or attack and is being handled, kept or maintained in a manner that poses a threat to public health and safety; or

(d) has acted in any manner that poses a threat to public health and safety.

(7) Declaration of dangerous animal. The department, after considering appropriate evidence, may declare any animal to be a dangerous animal. The director of the department shall issue an order authorizing the destruction of the animal or the placement of restrictions on the animal. The department shall make a reasonable attempt to personally notify the owner of the pendency of the department's investigation and shall notify the owner in writing of its determination and order. Notice may be provided to the owner as follows:

(a) Mailing a copy to the owner's last known address;

(b) Email to an email address provided by the owner;

(c) Personally delivering a copy to the owner;

(d) Posting a copy at the owner's last known address in accordance with department policy; or

(e) Any method agreed upon by owner and the department.

(8) Dangerous animal disposition. **(a)** It shall be unlawful for any person to own, possess, harbor or keep any animal declared by the department to be dangerous, except as allowed in (b) below.

(b) Any animal declared by the department to be a dangerous animal shall be humanely destroyed or placed under restrictions as set forth in this sub. (9) and in department policies.

(c) Any animal declared by the department to be dangerous, if not already impounded by the department shall, if determined by the department to be necessary, be immediately surrendered to the department upon order of the

director, and it is the duty of the department to take up and impound any such animal.

(9) Dangerous animal restrictions. Any owner of an animal that has been declared dangerous and placed under restrictions must comply with the restrictions set forth below as well as any additional restrictions imposed by the department. The owner must provide documentation to the department of compliance with these restrictions. Said documentation must be provided within thirty (30) days of the animal being declared dangerous.

(a) The owner of the animal must provide written proof from a licensed veterinarian that the animal has been spayed or neutered.

(b) The owner must provide written proof from a licensed veterinarian that a microchip has been placed in the animal so that the animal can be easily identified. The microchip must contain the following information:

1. the name of the animal,
2. the name of the owner, and
3. the following language "Dangerous Animal, contact Public Health Madison & Dane County Animal Services at (608) 255-2345."

(c) The owner must provide written proof from a licensed veterinarian that the animal is current with rabies vaccinations.

(d) The animal must be in compliance with all license requirements.

(e) The owner must post signs no smaller than eight (8) inches by eleven (11) inches, made of metal or plastic, bearing the wording "Warning Dangerous Animal" or "Beware of Dog", in lettering no smaller than three (3) inches high. These signs shall be posted at each entrance to the building in which the dangerous animal is kept and at each entrance through a fence and at such location as to be viewable from the public right-of-way to ensure adequate warning and visibility to anyone approaching said building and fence.

(f) When outside but still on the property of the owner or caretaker, the dangerous animal must be supervised by a competent adult and physically restrained at all times to prevent the animal from leaving the property. If the department determines that the animal may be kept in a secure kennel or pen, hereinafter referred to as "structure", and not under the direct supervision of an adult, the department may require that the structure be constructed under some or all of the following guidelines:

1. the structure shall be constructed of strong metal fencing to prevent the animal from exiting on its own volition;

2. the structure shall be secure on all sides and have a secure top attached;

3. the structure shall have a secure bottom or floor attached to the sides of the structure or the sides of the structure shall be embedded in the ground no less than two (2) feet;

4. the structure shall be kept locked at all times with a key or combination lock;

5. the structure shall provide adequate light, ventilation and shelter from the environment for the animal;

6. the structure shall be maintained in a clean and sanitary condition; and

7. the structure must be in compliance with all other building and zoning ordinances.

(g) While off the owner's property, the dangerous animal shall be muzzled and leashed at all times. The muzzle must be made in a manner that will not cause injury to the animal but that will prevent it from biting any person or animal. The leash shall be attached to a secure collar that is of sufficient strength to restrain the animal. The leash shall be no longer than four (4) feet in length and must be secured by and under the direct control and supervision of a competent adult.

(h) The owner shall allow the department to take three (3) photographs depicting the animal as outlined below:

1. one (1) photograph showing a close view of the animal's entire face, so that the animal is recognizable;

2. one (1) photograph showing the animal's entire left side of its body, including its legs and tail;

3. one (1) photograph showing the animal's entire right side of its body, including its legs and tail; and

(i) Prior to a dangerous animal being sold or given away, the current owner must provide the name, address and telephone number of the proposed new owner to the department. Prior to taking physical custody of the dangerous animal, the new owner must comply with all requirements of this ordinance and any other restriction the department determines to be appropriate to ensure the public's safety.

(j) The new owner must comply with all requirements of this subsection and any other restriction the department determines to be appropriate to protect public safety.

(k) To ensure compliance with this ordinance, the owner or caretaker of a dangerous animal shall allow the department, on an annual basis and at any other reasonable time determined by the department, the

opportunity to inspect the property where the dangerous animal is kept.

(l) Any other restriction determined by the department to be necessary to protect public safety.

(m) The owner must notify the department before moving the animal to a new location and allow the department to inspect the property. The department may modify or add restrictions based upon the conditions of the property.

(10) Subsequent determination and penalty.

(a) The department may make a new determination if an owner fails to comply with the terms, conditions or restrictions imposed.

(b) The failure of any person to comply with any term, condition or restriction imposed by the department is a violation of this ordinance.

(11) Administrative review.

(a) The owner or any person aggrieved by a determination of the department declaring any animal to be a dangerous animal may appeal such determination to a subcommittee of the Board of Health for Madison and Dane County by filing a notice of appeal stating the grounds therefor with the director within seven (7) days of the date of mailing of the department's declaration under sub. (7) above. Subcommittee review pursuant to this procedure is required prior to seeking court review. Failure to so obtain subcommittee review shall be deemed a full and complete waiver of the right to any additional review of the determination.

(b) If an appeal is timely and properly filed, the subcommittee shall schedule a hearing on whether to affirm, conditionally affirm or reject the determination within thirty-two (32) days, but not sooner than five (5) days, and shall make reasonable efforts to notify the owner, bite or attack victims and their representatives, if any, witnesses and other interested parties of such hearing and the opportunity to present evidence and testimony to the board. The subcommittee shall, within a reasonable period of time after the hearing, issue its decision in writing and serve a copy of the same by first class mail or other means of delivery mutually agreed upon by the owner and subcommittee, upon the owner and all parties requesting the same.

(12) Appeals to circuit court. Any person aggrieved by a determination of a subcommittee of the Board of Health under sub. (11) may appeal such determination to the circuit court by writ of certiorari within ten (10) days of notification of the board's determination.
